PART I — SUBJECTS	3–15
PART II — CONTRIBUTORS	15–21
PART III — BOOK REVIEWS	22–24

Abbreviations: C, correspondence; suppl., supplement

PART I. SUBJECTS

Aberrant Behaviour Checklist

Bereavement and grief in adults with learning disabilities. Sheila Hollins and Alexander Esterhuyzen 497–501

Adolescence

Childhood/early adolescence-onset and adult-onset schizophrenia. Heterogeneity at the dopamine D3 receptor gene. M. Maziade *et al* 27–30

Empirically based subgrouping of eating disorders: longitudinal perspective. Thecla van der Ham *et al* 363–368

see also Childhood and adolescence

Affective disorders

Effects of morning phototherapy on circadian markers in seasonal affective disorder. C. Thompson *et al* 431–435

Problem-solving treatment for emotional disorders in primary care. Laurence Mynors-Wallis *et al* 113–119

Symptom severity and cognitive impairment in chronically hospitalised geriatric patients. Philip D. Harvey *et al* 369–374

see also Bipolar disorder, Depression, Dysphoria, Dysthymia, Mania and Melancholia

African-Caribbeans

Schizophrenia in Trinidad. D. A. Ratan (C) 389. D. Bhugra *et al* (C) 389

Aftercare under supervision (ACUS)

Mental Health (Patients in the Community) Act 1995. Nigel Eastman (Editorial) 492–496

Aggression

see Behaviour disorders and Violence

Agranulocytosis

Coexistence of eosinophilia and agranulocytosis in a clozapine-treated patient. D. Amital *et al* (C) 194

Alcohol misuse

Familial aggregation of common psychiatric and substance use disorders in the National Comorbidity Survey. Kenneth S. Kendler *et al* 541–548

Sexual abuse in people with alcohol problems. J. F. Kinzl and W. Biebl (C) 193

Suicide in Avon. Christopher A. Vassilas and H. G. Morgan 453–455

Alzheimer's disease

Lewy body dementia. Neuro-psychological performance. Zuzana Walker *et al* 156–158

Measuring cognitive deterioration. G. R. J. Swanwick *et al* (C) 580

Amisulpride

Medium-term treatment of negative symptoms of schizophrenia. H. Loo *et al* 18–22

Analyses

Cost-effectiveness of antidepressant treatment reassessed. Scott W. Woods and John A. Rizzo 257–263

Discontinuation rates of SSRIs and tricyclics: meta-analysis and investigation of heterogeneity. Matthew Hotopf *et al* 120–127

Mental health residential care study: predicting costs from resident characteristics. D. Chisholm *et al* 37–42

Schizophrenia outcome compared between developing and developed countries. Re-analysis of the WHO DOSMD data. Thomas J. Craig *et al* 229–233

Subgrouping of eating disorders in adolescents. Thecla van der Ham *et al* 363–368

Suicide as an outcome for mental disorders. Meta-analysis. E. Clare Harris and Brian Barraclough 205–228

Anorexia nervosa

Delusion, the overvalued idea and religious beliefs. Edgar Jones and J. P. Watson 381–386

Anticipation

Genetic anticipation and imprinting in bipolar I illness. Maria Grigoriou-Serbanescu *et al* 162–166

Antidepressants

Cost-effectiveness of treatment reassessed. Scott W. Woods and John A. Rizzo 257–263

Discontinuation rates of SSRIs and tricyclics: meta-analysis and investigation of heterogeneity. Matthew Hotopf *et al* 120–127

Effect of treatment on the two-year course of late-life depression. Alastair J. Flint and Sandra L. Rifat 268–272

Suicide and cost-effectiveness. J. A. Henry (C) 88. M. Hotopf and G. Lewis (Authors' reply) (C) 88

Treatment, outcome and predictors of response in elderly depressed in-patients. T. J. Heeren *et al* 436–440

Venlafaxine-induced increased libido and spontaneous erections.

A. Michael and A. Owen (C) 193
Withdrawal syndrome. A. H. Young *et al* (C) 288

see also Selective serotonin reuptake inhibitors and individual names

Antidiuretic hormone

Inappropriate secretion and SSRIs. W. P. Bouman *et al* (C) 88–89

Antipsychotics

Drug-induced dysphoria. Leo E. Hollister (C) 387

Drug-induced movement disorders in schizophrenics in relation to CYP2D6 genotype. Martin Armstrong *et al* 23–26.

S. H. A. Sajjad (C) 580

Genetic polymorphism and drug-induced movement disorders. G. D. I. Bates *et al* (C) 485

see also Neuroleptics and individual names

Antisocial behaviour

Associated with fronto-temporal dementia. B. L. Miller *et al* 150–155

Antisocial personality disorder

Familial aggregation of common psychiatric and substance use disorders. Kenneth S. Kendler *et al* 541–548

Anxiety disorders

Anxiety, depression and PTSD in asylum-seekers. Derrick Silove *et al* 351–357

Familial aggregation of common psychiatric and substance use disorders. Kenneth S. Kendler *et al* 541–548

see also Panic disorder

Asylums

Asylum Workers' Association. Henry Rollin (*One hundred years ago*) 194

Belfast Asylum. Henry Rollin (*One hundred years ago*) 91

Glasgow Royal Asylum, Gartnavel. Report for 1896. Henry Rollin (*One hundred years ago*) 581

Attention deficit hyperactivity disorder

Hyperkinetic disorder. In adults. B. K. Toone and G. J. H. van der Linden (*Editorial*) 489–491

Autistic traits

In adults with learning disabilities. Sabyasachi Bhaumik *et al* 502–506

Avon

Suicide. Life stress, alcohol misuse and use of services. Christopher A. Vassilas and H. G. Morgan 453–455

Behavioral Subclinical Rating Scale

Relatives' expressed emotion and non-verbal signs of subclinical psychopathology in schizophrenic patients. Stephanie M. Woo *et al* 58–61

Behaviour disorders

Aggressive, socially disruptive and antisocial behaviour associated with fronto-temporal dementia. B. L. Miller *et al* 150–155

Autistic traits in adults with learning disabilities. Sabyasachi Bhaumik *et al* 502–506

Bereavement and grief in adults with learning disabilities. Sheila Hollins and Alexander Esterhuyzen 497–501

Seclusion and emergency medication for learning disabled in-patients. M. E. H. Rangecroft *et al* 273–277

Belfast Asylum

Henry Rollin (*One hundred years ago*) 91

Bentham Unit

Pilot remand and assessment service for male mentally disordered remand prisoners.

I: Clinical activity in the first year, and related ethical, practical and funding issues. Kevin Murray *et al* 456–461

II: Report of an independent evaluation. Tim Weaver *et al* 462–466

Benzodiazepines

Patterns of hypnotic drug prescription in Italy. M. Balestrieri *et al* 176–180

see also Clonazepam

Bereavement

Grief. Adults with learning disabilities. Sheila Hollins and Alexander Esterhuyzen 497–501

Biological psychiatry

Psychiatry and the politics of the underclass. M. Shaw (C) 191.
S. Seneviratne (C) 191.
L. Culliford (C) 191. S. Kraemer and J. Roberts (C) 191.
M. Greenberg (C) 191–192.
P. Thomas and M. Romme (*Authors' reply*) (C) 192

Bipolar disorder

Dissociative pathology discriminates between bipolar disorder and dissociative disorder. E. R. S. Nijenhuis *et al* (C) 581
Genetic anticipation and imprinting in bipolar I illness. Maria Grigoriou-Serbanescu *et al* 162–166
No association with alleles at a functional polymorphism in the COMT gene. Biomed European Bipolar Collaborative Group 526–528

Patients as parents: the risk to children. Margaret Oates (suppl. 32) 22–27

Re-evaluating carbamazepine prophylaxis. Robert M. Post *et al* (*Editorial*) 202–204

Schizophrenia. Associated cytogenetic abnormalities on chromosome 18. Ole Mors *et al* 278–280

Seasonal variation. J. L. Pio-Abreu (C) 483–484

SPECT study of lithium withdrawal in patients: associations with mania. G. M. Goodwin *et al* 426–430

Body dysmorphic disorder

C. Feinman and S. J. Cunningham (C) 90

Borderline personality disorder

Structure and development: proposed model. Anthony Ryle 82–87

Bovine spongiform encephalopathy (BSE)

Human prion disease. Paul J. Harrison (*Editorial*) 298–300
Prion diseases. Simon Fleminger and David Curtis (*Editorial*) 103–105

Bradford Somatic Inventory

Stress and psychiatric disorder in rural Punjab. David B. Mumford *et al* 473–478

Brain

Antisocial behaviour associated with fronto-temporal dementia.

B. L. Miller *et al* 150–155

Cerebral perfusion correlates of depressed mood. Klaus P. Ebmeier *et al* 77–81

EEG coherence and syndromes in schizophrenia. R. M. G. Norman *et al* 411–415

'Glucocorticoid cascade' hypothesis in man. Prolonged stress may cause permanent damage. John T. O'Brien (*Editorial*) 199–201

Grey matter correlates of syndromes in schizophrenia. S. E. Chua *et al* 406–410

Maudsley Family Study 4. Normal planum temporale asymmetry in familial schizophrenia. S. Frangou *et al* 328–333

Morphometric comparison of first-episode schizophrenia and temporal lobe epilepsy. W. B. Barr *et al* 515–519

Neuropsychological perspective on three schizophrenic patients with midline structural defects.

N. M. J. Edelstyn *et al* 416–421

SPECT study of lithium withdrawal in bipolar patients: associations with mania. G. M. Goodwin *et al* 426–430

see also Prion diseases

Breast-feeding

Nithsdale Schizophrenia Surveys 16. Robin G. McCreadie 334–337

Brief Psychiatric Rating Scale

Clozapine in childhood-onset schizophrenia. M. Turetz *et al* 507–510

British Journal of Psychiatry

Impact factors of psychiatric journals. Louise Howard and Greg Wilkinson 109–112

Cambridge Cognitive Examination (CAMCOG)

Measuring cognitive deterioration in Alzheimer's disease. G. R. J. Swanwick *et al* (C) 580

Neuropsychological performance in Lewy body dementia and Alzheimer's disease. Zuzana Walker *et al* 156–158

Carbamazepine

Re-evaluating prophylaxis in bipolar disorder. Robert M. Post *et al* (*Editorial*) 202–204

Care programme approach

Case management, care management and care programming. T. Burns (*Editorial*) 393–395

Risk assessment: lessons from recent inquiries. John Reed (suppl. 32) 4–7

Carers

Impact of symptoms of dementia on caregivers. Catherine Donaldson *et al* 62–68. S. Thacker and P. Gilbert (C) 483

Case management

Care management, and care programming. T. Burns (*Editorial*) 393–395
Problems in conducting economic evaluations alongside clinical trials. Lessons from a study of case management for people with mental disorders. A. M. Gray *et al* 47–52

Catechol-O-methyltransferase (COMT) gene

No association with bipolar disorder. Biomed European Bipolar Collaborative Group 526–528

CATEGO S+

Predictive validity of schizophrenia diagnosis. Report from the International Study of Schizophrenia. Peter Mason *et al* 321–327

Checklists

Aberrant Behaviour Checklist 497–501
Life Events Checklist 497–501

Childbirth *see* **Obstetric complications, Pregnancy and Puerperium**

Childhood

Clozapine in neuroleptic-resistant childhood-onset schizophrenia. M. Turetz *et al* 507–510
Patients as parents: the risk to children. Margaret Oates (suppl. 32) 22–27
Perpetrators of sexual abuse. S. E. Romans and J. L. Martin (C) 289–290
Sexual abuse in people with alcohol problems. J. F. Kinzl and W. Biebl (C) 193

Childhood and adolescence

Childhood/early adolescence-onset and adult-onset schizophrenia. Heterogeneity at the dopamine D₃ receptor gene. M. Maziade *et al* 27–30
Psychiatry and the politics of the underclass. S. Kraemer and J. Roberts (C) 191
Road traffic accidents: early psychological consequences. Alain Di Gallo *et al* 358–362

see also **Adolescence**

China

Suicide. V. Pearson and S. Lee (C) 387

Cholesterol

Lipid-lowering drugs and mortality. F. Corrigan (C) 289

Chorea

Paroxetine-induced. G. C. Fox *et al* (C) 193–194

Chromosome 18

Cytogenetic abnormalities associated with bipolar affective disorder or schizophrenia. Ole Mors *et al* 278–280

Citalopram

Effect in panic disorder. A. G. Wade *et al* 549–553

Clinical Global Impression

Clozapine in childhood-onset schizophrenia. M. Turetz *et al* 507–510

Clinician Administered PTSD Scale

Instruments for predicting PTSD. Arieh Y. Shalev *et al* 558–564

Clonazepam

Hyperekplexia: abnormal startle response due to glycine receptor mutations. Martin Andrew and Michael J. Owen (*Review Article*) 106–108

Clozapine

Acute overdosage. G. Piccini *et al* (C) 290
Coexistence of eosinophilia and agranulocytosis in a patient. D. Amital *et al* (C) 194
In neuroleptic-resistant childhood-onset schizophrenia. M. Turetz *et al* 507–510

Cognitive analytical therapy

Structure and development of borderline personality disorder. Anthony Ryle 82–87

Cognitive impairment

Associated with lamotrigine. W. P. Bouman *et al* (C) 388–389
‘Glucocorticoid cascade hypothesis’ in man. John T. O’Brien (*Editorial*) 199–201
Maintenance ECT and cognitive function. Richard C. Barnes *et al* 285–287
Measuring deterioration in Alzheimer’s disease. G. R. J. Swanwick *et al* (C) 580
Symptom severity. Geriatric patients with affective disorders. Philip D. Harvey *et al* 369–374

see also **Dementia**

Community care

Costs. H. J. Salize and W. Rössler (C) 483
Mental Health (Patients in the Community) Act 1995. Clinical analysis. Nigel Eastman (*Editorial*) 492–496
Mental health residential care study: predicting costs from resident characteristics. D. Chisholm *et al* 37–42

see also **Care programme approach** and **Case management**

Community nurses

Problem-solving treatment for emotional disorders in primary

care. Laurence Mynors-Wallis *et al* 113–119

Comorbidity

Clinical specificity of prison inmates with severe mental disorders. Gilles Côté *et al* 571–577
Mental disorders and suicide in Northern Ireland. Tom Foster *et al* 447–452
Personality disorder and suicide. Andrew T. A. Cheng *et al* 441–446
PTSD and depression. An analysis. Avi Bleich *et al* 479–482

Composite International Diagnostic Interview

Physical illness and psychiatric disorder in general practice. S. R. Kisely and D. P. Goldberg 536–540

Confusional State Evaluation

Instrument for measuring severity of delirium in the elderly. B. Robertsson *et al* 565–570

Conservation withdrawal

Ethology and self-injury. R. D. Goldney and D. Lester (C) 192–193

Consultation-liaison model

Mental health services and primary care. Linda Gask *et al* (*Review Article*) 6–11. J. R. Taylor and G. Wilkinson (C) 486

Corrigenda 581

Costs

Community care. H. J. Salize and W. Rössler (C) 483
Cost-effectiveness of antidepressant treatment reassessed. Scott W. Woods and John A. Rizzo 257–263
Mental health residential care study: predicting costs from resident characteristics. D. Chisholm *et al* 37–42
Problems in conducting economic evaluations alongside clinical trials. A. M. Gray *et al* 47–52
Problem-solving treatment for emotional disorders given by community nurses in primary care. Laurence Mynors-Wallis *et al* 113–119
Suicide and cost-effectiveness of antidepressants. J. A. Henry (C) 88. M. Hotopf and G. Lewis (*Authors’ reply*) (C) 88

Creutzfeldt-Jakob disease

BSE and human prion disease. Paul J. Harrison (*Editorial*) 298–300
Prion diseases. Simon Fleminger and David Curtis (*Editorial*) 103–105

Cultures

Gender and age at onset in schizophrenia. Cross-cultural investigation. Assen Jablensky and Steven W. Cole 234–240
Parental styles and depression in Japan. T. Sato *et al* 173–175

- Personality disorder and suicide.

 - I: Clinical activity in the first year, and related ethical, practical and funding issues. Kevin Murray *et al* 456–461
 - II: Report of an independent evaluation. Tim Weaver *et al* 462–466

Residential care

- Mental health residential care study: predicting costs from resident characteristics. D. Chisholm *et al* 37–42

Risk assessment in the mentally disordered. C. Duggan (ed.) (suppl. 32) 1–39

- Acting on delusions. Alec Buchanan 12–16
- Are we being overcautious? Paul Bacon 30–31
- Epidemiology of crime, violence and schizophrenia. Simon Wessely 8–11
- Introduction. Conor Duggan 1–3
- Lessons from recent inquiries. John Reed 4–7
- Patients as parents: the risk to children. Margaret Oates 22–27
- Practical aspects. Peter Snowden 32–34

- Predictors of risk in serious sex offenders. Don Grubin 17–21
- Protecting the interests of patients. William Bingley 28–29
- Risk assessment and litigation. Glynn Harrison 37–39
- Training trainers. Michael Harris 35–36

Road traffic accidents

- Early psychological consequences in children and adolescents. Alain Di Gallo *et al* 358–362

Rural populations

- Similarities and differences in prevalence of schizophrenia and utilisation of services in rural and urban areas. Robin G. McCreadie *et al* 31–36
- Stress and psychiatric disorder in Punjab. David B. Mumford *et al* 473–478

Scales

- Behavioral Subclinical Rating Scale 58–61
- Brief Psychiatric Rating Scale 507–510
- Clinician Administered PTSD Scale 558–564
- Dissociative Experiences Scale (C) 581
- Impact of Event Scale 558–564
- Level of Expressed Emotion scale 520–525
- Mississippi Scale for Combat Related PTSD 558–564
- Positive and Negative Syndrome Scale 507–510
- see also* Checklists, Clinical Global Impression, Confusional State Evaluation, Examinations, Interviews, Inventories, Parental Bonding Instrument, Psychopathology Instrument for Mentally Retarded Adults, Questionnaires and Schedules

Schedules

- Groningen Social Disability Schedule 536–540
- Psychiatric Assessment Schedule 69–76
- Schedule for Affective Disorders and Schizophrenia 479–482
- Schedules for Clinical Assessment in Neuropsychiatry 529–535

Schizophrenia

Aetiology

- Influenza. T. J. Crow (C) 578.
- W. Adams and R. E. Kendell (*Authors' reply*) (C) 578–579
- Nithsdale Schizophrenia Surveys 16. Breast-feeding and schizophrenia. Robin G. McCreadie 334–337
- Prenatal and neonatal risk factors. Christina M. Hultman *et al* 128–133

Complications

- Antipsychotic drug-induced movement disorders in relation

- to CYP2D6 genotype. Martin Armstrong *et al* 23–26. S. H. A. Sajjad (C) 580
- Epidemiology of crime, violence and schizophrenia. Simon Wessely (suppl. 32) 8–11
- Patients as parents: the risk to children. Margaret Oates (suppl. 32) 22–27
- Diagnosis**
- Predictive validity. Report from the International Study of Schizophrenia. Peter Mason *et al* 321–327
- Epidemiology**
- Crime, violence and schizophrenia. Simon Wessely (suppl. 32) 8–11
- Demography and age at onset. C. Jennen-Steinmetz *et al* (C) 485. A. Jablensky and S. W. Cole (*Authors' reply*) (C) 485–486
- Hampstead Schizophrenia Survey 1991
- I: Prevalence and service use comparisons. Siobhan E. Jeffreys *et al* 301–306
- II: Incidence and migration in inner London. Alan S. McNaught *et al* 307–311
- In Trinidad. D. A. Ratan (C) 389. D. Bhugra *et al* (*Authors' reply*) (C) 389
- Is the earlier age at onset in males a confounded finding? Cross-cultural investigation. Assen Jablensky and Steven W. Cole 234–240
- Nithsdale, Nunhead and Norwood: similarities and differences in prevalence and utilisation of services in rural and urban areas 31–36
- Genetics**
- Antipsychotic drug-induced movement disorders in relation to CYP2D6 genotype. Martin Armstrong *et al* 23–26. S. H. A. Sajjad (C) 580
- Childhood/early adolescence-onset and adult-onset. Heterogeneity at the dopamine D₃ receptor gene. M. Maziade *et al* 27–30
- Cytogenetic abnormalities on chromosome 18 associated with bipolar affective disorder or schizophrenia. Ole Mors *et al* 278–280
- Family study of late-onset non-affective psychosis (late paraphrenia). R. J. Howard *et al* 511–514
- Maudsley Family Study 4. Normal planum temporale asymmetry in familial schizophrenia. S. Frangou *et al* 328–333
- Outcome**
- Compared between developing and developed countries. Thomas J. Craig *et al* 229–233
- Pathology**
- Brain morphometric comparison of first-episode schizophrenia and temporal lobe epilepsy. W. B. Barr *et al* 515–519
- Grey matter correlates of syndromes. Semi-automated analysis of structural MRI. S. E. Chua *et al* 406–410
- Maudsley Family Study 4. Normal planum temporale asymmetry in familial schizophrenia. S. Frangou *et al* 328–333
- Neuropsychological perspective on three patients with midline structural defects. N. M. J. Edelmystyn *et al* 416–421
- Pathophysiology**
- EEG coherence and syndromes. R. M. G. Norman *et al* 411–415
- Neuropsychological correlates of syndromes. R. M. G. Norman *et al* 134–139
- Psychology**
- Delusion, the overvalued idea and religious beliefs. Edgar Jones and J. P. Watson 381–386
- Neuropsychological correlates of syndromes. R. M. G. Norman *et al* 134–139
- Neuropsychological perspective on three patients with midline structural defects. N. M. J. Edelmystyn *et al* 416–421
- Relatives' expressed emotion and non-verbal signs of subclinical psychopathology in patients. Stephanie M. Woo *et al* 58–61
- Screening**
- Early detection. J. van Os *et al* (C) 579
- Early intervention. Max Birchwood *et al* (*Editorial*) 2–5
- Therapy**
- Access to care in an inner-city health district. M. J. Commander *et al* 312–316
- Amisulpride in medium-term treatment of negative symptoms. H. Loo *et al* 18–22
- Clozapine in neuroleptic-resistant childhood-onset schizophrenia. M. Turetz *et al* 507–510
- Conventional v. atypical neuroleptics: subjective quality of life in patients. M. Franz *et al* 422–425
